Delivering Effective Presentations - Introductory

Course Specification

Course Description

Our highly-acclaimed and always in demand workshop is a comprehensive session that establishes a solid foundation of speaking and presentation skills. This program will make even the most apprehensive presenters shine. For more seasoned presenters, this workshop gives you the tools to rise to the next level and stand out from other technical presenters. Technical presentations are frequently data-driven, but they do not have to be dry. You’ll learn proven methods to pair your subject matter expertise with engaging delivery to ensure that you connect with your audience members.
